ABOUT US

EHS Excellence

STC is a specialized management consulting firm working globally to enhance environmental health and safety (EHS). We partner with you to strengthen management systems design and implementation. We help identify needs and implement solutions for requirements analysis, auditing, hazard and risk assessment, program tools and training.

STC Staff

With an average of 20 years in the field, our consultants are highly experienced with diverse backgrounds in industry, consulting, educational services, and government.

CERTIFICATIONS

Women Owned Business

We are certified by the Women's Business Enterprise National Council and the CA Public Utilities Commission Supplier Clearinghouse.

Small Business Enterprise

We are a certified Small Business Enterprise (SBE) by the by the State of California/Port of Oakland and the Coalition of Southern California Public Agencies.

Disadvantaged Business Enterprise

Specialty Technical Consultants received certification as a Disadvantaged Business Enterprise (DBE) by the California Department of Transportation (Caltrans) Disadvantaged Business Enterprise (DBE) Program.

CLIENT BENEFITS

Wisdom as Advantage

All STC consultants are senior level professionals with broad industrial experience and perspective. Our clients gain competitive advantage when we help them manage complex worker safety and environmental challenges as business issues, not as engineering or legal obstacles.

Innovative Solutions

STC consultants' individual and collective experience allows us to be efficient, thorough, pragmatic, and innovative. We break down complex problems to find practical solutions and provide plain language recommendations and guidance.
